This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of a request filed by Gateway Technologies, Inc. ("Gateway" or the "Company") to amend its Certificate of Public Convenience and Necessity to change its name.

A review of Gateway's request reveals that Gateway has changed its name to T-NETIX Telecommunications Services, Inc. A copy of the application for an amended certificate of authority reflecting the new name, and filed with the South Carolina Secretary of State's Office, accompanied the request. The Company also asserts that its request is solely for a change of name and that there is no corporate restructure, change of ownership, or change in terms and conditions involved.

The Company's request for a change of name was noticed, and no protest, objection, or comments were filed regarding the requested name change.

Accordingly, and upon consideration of this matter, the Commission finds and concludes that the Certificate of Public Convenience and Necessity granted to Gateway

should be amended to reflect its new name. The Commission grants the following name change:

FROM: Gateway Technologies, Inc.

TO: T-NETIX Telecommunications Services, Inc.

The Commission's records will hereby reflect the modification of the name of the Company.

IT IS SO ORDERED.
